Dear Miss Downey:

Attached please find the following information:

1. Photographs of the hazardous waste at our facility. These photographs were taken from May to June, 2012.
2. The above photographs show the hazardous waste at our facility at the time they were taken.
3. They also show the accumulation start time.
4. They also show the area around the waste has adequate isle space around the waste.
5. The containers are not leaking and are compatible with the waste stored inside.
6. Manifests for the wastes that have been removed since February.
7. Under previous letter we submitted training documents for the facility.

Please review the above items and let us know if there is any further information that you require for us to show compliance with the previous order that we received.

Thank you for your help and cooperation.

Sincerely,

Max Faeth, President
